

LIMIT-PRO

RANGE LIMITING DEVICE FOR VACUUM PUMP

APPROVED BY CNESST, HYDRO-QUÉBEC & TRANSPORTS QUÉBEC

LIMIT-PRO keeps your operators and machinery safe by preventing equipment mishandling. This range limiting system controls the motion of vacuum pump booms, helping operators avoid overhead hazards, power lines, and structural obstacles. It reduces the risk of accidents, injuries, and costly damage.

Compatible with multiple pump models.

Limits boom height and swing.

Prevents collisions and hazards.

Auto-slow in restricted zones.

Intuitive and easy to use.

LIMIT-PRO

RANGE LIMITING DEVICE FOR VACUUM PUMP

KEY FEATURES

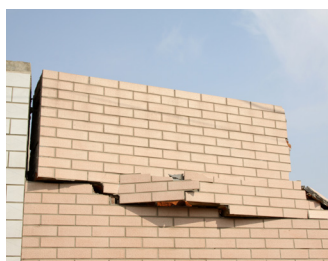

- 1 Main boom angle displayed**, providing real-time information for precise operation.
- 2 Simple button to choose machine limits**, making it quick and easy to use.
